## PROJECT

---

<b>StocksApp</b>	<b>AttainU</b>	<b>May 2019</b>
------------------	----------------	-----------------

- [StocksApp](#)    [GitHub](#)

Developed a Stock Market App that could help investors to create a portfolio and watchlist of Scripps that they are interested in and keep a track of those investments.

## LANGUAGES & TECHNOLOGIES

- 
- MERN Stack - JavaScript (ES5 & ES6), MongoDB, Express, React, NodeJS
  - Python, PostgreSQL, Heroku & AWS

## WORK EXPERIENCE (2+ YEARS)

---

<b>Networking Trainer</b>	<b>LIVEWIRE Powered by CADD CENTRE</b>	<b>June 2015 to July 2016</b>
---------------------------	--	-------------------------------

- Given trainings to more than 200 students in several college on Routing and Switching.
- Made a Tie Up with 5 Engineering college for summer trainings.

<b>Project Associate</b>	<b>IFMR</b>	<b>Feb 2018 to Jan 2019</b>
--------------------------	-------------	-----------------------------

- Dealt with a research program organized by **Institute for Financial Management and Research California University, USA**
- Observed the kid's behaviour and their attention over study.

## EDUCATION

---

<b>Software Engineering</b>	<b>AttainU</b>	<b>Feb 2019 - Present</b>
-----------------------------	----------------	---------------------------

- Full stack web development using MERN stack. •  
Core software engineering, data structures and algorithms.

<b>Bhopal, Madhya Pradesh</b>	<b>Scope College of Engineering</b>	<b>June 2015</b>
-------------------------------	-------------------------------------	------------------

- BE in Computer Science and Engineering.

## POSITIONS OF LEADERSHIPS/EXTRACURRICULAR ACTIVITIES

- 
- Participated in a **Chess Championship** and came up with a podium finish in 2015.
  - Led my School **Cricket** Team as a **Captain**.
